Tally With GST

Organised By

PG & Research Department of Commerce
NATIONAL COLLEGE (Autonomous)
Tiruchirappalli - 620 001, Tamil Nadu, India.

About the College

National College, Tiruchirappalli was founded in June, 1919. The founders conceived the idea of a National institution to promote among its youth the highest and the loftiest ideals which constitute the essence of Indian Culture and Nationalism. The College, in fact, had its origin to the National High School founded on the 11th of June 1886. The College functioned in the old Teppakulam campus for nearly four decades from 1919. The shifting of the College campus from Teppakkulam to the Junction area began in 1959. The College celebrated its Golden Jubilee in the year 1969 and Platinum Jubilee in February 1995. The college continues its march to the centenary year with relentless vigour, keeping its mission and vision clear. National Evening College was started in the year 1978. The Evening College was rechristened as Unaided Programmes from the academic year 2005-06 and they co-exist with the Aided Programmes. The College introduced Co-Education pattern from the academic year 2007. The II shift classes were introduced from the year 2015-16.

As on date, the college offers 19 PG Programmes and 20 UG Programmes. 13 Departments offer M.Phil. and Ph.D. Programmes. The College was first accredited by NAAC at "A" Grade in 2005 and Re-accredited in III cycle at "A+" Grade in 2016. The UGC, New Delhi, conferred "Autonomous" status on the college in 2010. The College has also been conferred the rare distinction of College with Potential for Excellence status in 2011. The Managing Agency of the college is Dr. V. Krishnamurthy Educational Foundation, a registered society. There are 250 teaching and 100 non-teaching staff working in the college. About 4300 students are studying in the college.

About the Department

The Commerce Department with a glorious history of 67 years was started in the year 1952

with inter mediate programme. UG programme (B.Com) was started in the year 1954 and PG (M.Com) was started in 1980. The department was approved by Bharathidasan University, Trichy as Research Department to conduct M.Phil. and Ph.D. Programmes in the year 2001. The Department has staff strength of 13 members and 11 of them are Ph.D. degree holders. There are 13 staff members in the Unaided Programme. There are 1000 students in the Commerce Department. The Department has successfully guided 50 M.Phil. and 40 Ph.D. Degree holders in the last 5 years. The department conducts special coaching classes for candidates appearing for ACS preliminary and inter level examinations. The college has signed a Memoranda of understanding with The Institute of Company Secretaries of India, BHELSEA and NSE

About the Workshop

GST is an innovative technology enabled tax systems which help to simplify the system and procedures. When the GST was introduced in July 2017, there were doubts about its implementation. But, now it is being implemented successfully. GST has attracted more tax payers and tax revenue has increased to an average of one lakh crore per month. Different tax rates help to sustain the economic system in strong position over a period of time. Goods and services are divided into five different categories and tax is levied at the rate of 0%, 5%, 12%, 18% and 28%. However, petroleum products, alcoholic drinks, and electricity are taxed separately by individual state governments, as per the previous tax regime.

The purpose of the GST is one nation one tax, but it also facilitates multiple services and generates new business and employment opportunities. GST can be implemented and practised only with the help of computerized system which simplifies the tax return filing

procedures. Tally's main product is its Enterprise Resource Planning and Accounting Software called Tally ERP 9. For large organisations with many branches, Tally Server 9 is offered. The software handles accounting, inventory management, tax management, payroll etc.

In this scenario almost all the business concerns are using Tally ERP 9 for their accounting and preparation of final accounts. In 2016, Tally Solutions was shortlisted as a GST Suvidha Provider to provide interface between the new Goods and Services Tax (GST) server and taxpayers and in 2017, the company launched its updated GST compliance software. GST Tally simplifies compliance and makes filing of returns easy and smooth. It serves as a simple and efficient tool for accounting and compliance with GST procedures.

In this context, the proposed workshop will provide an opportunity to understand the application of Tally in GST. It will be a platform to discuss and deliberate with the experts and experienced Resource Persons.

Participants

Participants of the workshop are students, research scholars and faculty members of colleges/ universities.
