ABOUT IARA

Indian Academic Researchers' Association is a National, Professional and Nonprofit organization with the objective of contributing to Science and Social Science by promoting research and development coordination between the researchers and academicians working in Educational Institutions. IARA is publishing peer reviewed and referred Quarterly National Journal on **SELP JOURNAL OF SOCIAL SCIENCE** (p-ISSN: 0975-9999, e-ISSN: 2349-1655), International Journal on **RESEARCH EXPLORER** (p-ISSN: 2250-1940, e-ISSN: 2349-1647), International Journal on **TAMILAIVU SANGAMAM** (p-ISSN: 2320-3412, e-ISSN: 2349-1639) with impact factors and NAAS Score and also published books with ISBN in various titles. Academic institutions and academicians may also join with us and get financial assistance through Life / Fellow and Institutional Membership. IARA signed MoU with various educational institutions to organize seminars, workshops and academic deliberations. For more details about the objectives and functions, kindly refer our website www.iaraindia.com.

CONFERENCE THEME

Academic researches in Higher Educational Institutions are highly controversial against quality honesty and ethics from the restructuring to award of degree therefore UGC has introduced guidelines. Under the UGC guidelines Ph.D should be awarded as per the norms prescribed. But still the quality of the academic research is questionable. The simple reason is nothing but the ethical issues in research. Ethics in research has been compromised and in some occasions it has been violated by Higher Educational Institutions by the research advisor and by the research scholars. Academic research has become

an outsourcing and commercial element used by almost all stakeholders of the Higher Educational Institutions. With this effect, number of research report has been increasing without any quality or socio economic relevance. Research guide and scholars could not write a page or speak about the research without a piece of paper of reference. Cut, Copy, Paste is the customary of the academic research.

To avoid this kind of practice, UGC, introduced plagiarism checking as mandatory for thesis submission. Writing research article and publishing in a reputed journal is also another become serious issue in the academic researches. To reform and promote the quality of the research publication, in July 2017, UGC introduced a schemes is called as UGC approved list of Journals and also propose to establish consortium for academic research ethics. Researchers should publish their articles only in these listed journals. To match global standards of high quality research, in all academic disciplines under its purview, the University Grants Commission (UGC) aspires to stimulate and empower the Indian academia through its “Quality Mandate”. A public notice was issued by the UGC, on the 28th of November, 2018 , to announce the establishment of a dedicated Consortium for Academic and Research Ethics (CARE) to carry out this mandate. The UGC-CARE List now has only Two groups, instead of the original Four groups to simplify the search process. These are not hierarchic or ranked groups. UGC-CARE List Group I : Journals found qualified through UGC-CARE protocols. UGC-CARE List Group II : Journals indexed in globally recognized databases. In this respect, the proposed conference deliberates and disincarnates the ethical issues in academic research which has very significant role to promote the quality of the academic research. Proposed conference will be discussed with the following subject concern.

- 
- Philosophy and ethics in research
 - Scientific conduct of research
 - Publication ethics in research
 - Publication misconduct
 - Open access publishing
 - Database and research matrices
